

We the People...

Don't miss this rare opportunity to hear Senatorial Candidates speak on Jobs, Trade and Economic Recovery.

Candidates for the Senate seat in Colorado will appear at the Stargazers Theater in Colorado Springs, Colorado.

This Candidate Forum offers a chance for voters and local leaders to learn about challenges and solutions to our jobs, trade and economic problems.

Ask how Senate candidates intend to address these problems.

“Not only the wealth, but the independence and security of a country, appear to be materially connected with the prosperity of manufacturers. Every nation . . . ought to endeavor to possess within itself all the essentials of a national supply. They comprise the means of subsistence, habitation, clothing and defense . . . The expediency of encouraging manufactures in the United States, which was not long since deemed very questionable, appears at this time to be pretty generally admitted.”

- Alexander Hamilton
